

Puerto Rico: Covid-19 LCTF Vaccine Planning

10/20/2021

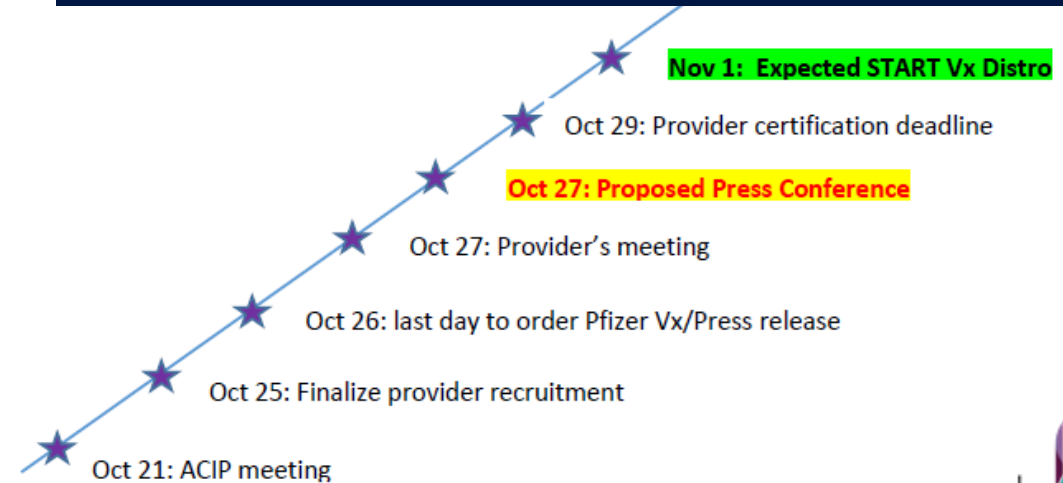

Allocation/Distribution:

Population @ LCTF	70,000~ (2.1% of population)
Total Doses Allocated	100% at Hubs
Distribution	8,750 weekly start of date (Nov 1) end of date (Dec. 30/2021)
Strategies:	<ul style="list-style-type: none"> - Provider selection who adm 1st/2nd dose - Pair provider capacity with geo location - Liase with Dpt of Family svcs for new list - Mandatory enroll of providers under PRDOH Grant - Coordinate with FRPP allocation & timeframe (population %) - Coordinate with self-sufficient municipalities

Expectations:

Vaccination Objective:	1. Vaccinate booster doses to 70,000 plus 65+ residents at elderly homes by 13 Dec 2021.
Mandatory requirements:	<ol style="list-style-type: none"> 1. Clinical certification or re-certification completed by 29 Oct 2021. 2. Provider must confirm participation

TIME LINE

Administration sites:

Administration sites:	1,500 locations (LCTF, retirement homes, independent living & SNF)
Vaccination Phases/Uptake:	<p>Phase 1: 80% @ most accessible areas</p> <p>Phase 2: 10% distant/new locations</p> <p>Phase 3: hard to find/stragglers</p>

Limitations:

PRNG support @ egidas; providers engaged in multiple vaccination efforts at the same time

Recommendations:

1. Re-assign PRDoH covid testing resources to vaccinate @ LCTF.
